

Category 6 RJ45 FTP Patch Leads

Connectix Cat 6 FTP Patch Leads are designed to exceed the performance requirements of the stated Specification. Connectix Patch Leads are made from Connectix Cat 6 stranded cable and are terminated using high performance modular plugs. Each lead is individually factory tested to the standard to ensure true standard compatibility.

The fully shielded patch leads increase signal isolation and prevent contaminant noise from entering the cabling system. We stock a variety of booted and unbooted leads in lengths from 0.5 to 5 metres and each is available in various colours.

- Fully shielded to increase signal isolation
- Individually performance tested
- Available from stock in lengths from 0.5 to 5 metres
- Wide variety of colours available
- Connectix 25 Year System and Product Warranty

Plug	High performance modular plug
Cable	Category 6 standard cable
LSZH Available	Yes
Wiring Specification	Straight Through
Conforms to	ANSI/TIA-568-C Category 6 Specification
